

# Identity Bag Project

Our identity is unique to us and there are lots of things that make up “who we are”. This project asks you to think about the “things” that represent us.

Directions: Decorate a paper bag with your name and any other information you think might be helpful to know about you.

- quotes
- pictures
- drawings/designs

Inside the Bag:

- 5 object or artifacts that represent you  
(example: I love the Tigers and attend a lot of games, so I might include a ticket stub)
- a written description of each artifact
  - what is the artifact?
  - how or why is it important to you?
  - what else should we know about this artifact?

\*You will be presenting this information to the class. Please only include objects and descriptions you are comfortable with everyone knowing.

Due: A Week Students – 13 September  
B Week Students – 17 September
